

## CURRENCY OUTLOOK GOOD

Owen Predicts Quick Passage of Bill in the Senate

## URGENCY IS IMPORTANT

Committee Chairman Looks for Report on Measure Soon

Washington, Sept. 20.—Senator Robert L. Owen, chairman of the Senate banking and currency committee, said yesterday afternoon of the passage by the House Thursday of the currency bill: "The passage of the banking and currency bill by the House of Representatives after weeks of debate in the Democratic caucus and discussion in the House itself argues prompt and favorable action in the Senate."

"Every student of this question will agree on the necessity and urgency for prompt action. It has been six years since we had the gigantic national calamity in the panic of 1907, which led to the creation of the monetary commission and its proposed remedy upon which the government expended out of the public treasury nearly \$300,000."

"The retiring administration, through Franklin Macveagh and his annual report of Sept. 2, 1912, declared that the most important fact in connection with the banking and currency legislation was its urgency."

"The president of the United States appealed in person to the House and Senate, urging them to lay aside their personal comforts and conveniences and perform this great duty so urgently needed by the country, and the Senate and House have responded in a very patriotic spirit."

"I have no doubt but that the Senate committee will give the bill the most vigorous and virile attention. The Senate committee is giving the matter daily consideration, and I hope to see a report on the bill within two weeks of next Monday."

## EMBARRASSING SITUATION.

United States Placed in One by Congressional Act.

Washington, Sept. 20.—After inducing The Netherlands government to extend an invitation to the nations of the world to participate in an international conference on education, to be held at The Hague in 1914, the United States now is relying on private contributions to defray the expense of its own representation at the gathering.

Congress recently enacted a prohibition against the expenditure of any public funds for American representation in international conferences.

## MANN TO EXPOSE THE HOUSE.

He Plans to Show That Members Are Doing Nothing But Draw Salary.

Washington, Sept. 21.—Minority Leader James Mann is planning to use all his parliamentary skill next week to "show up" the Democratic House. The House is scheduled to meet on Monday, and the understood program is to adjourn for three days at a time, thus initiating the Senate and killing the dull hours until the final adjournment of the session is in sight. Representative Mann will demand roll calls on the motion to adjourn, and in every possible way show the country that the House is actually recessing and doing nothing but drawing its salary. Nobody expects to find a majority of the members of the House in town next week. Mr. Mann wants the voters of the United States to see the situation fully and to understand the amount of political buncombe which emanates from members. President Wilson was asked Thursday if he knew what the House would take up now that

## Hood's Sarsaparilla

Eradicates scrofula and all other humors, cures all their effects, makes the blood rich and abundant, strengthens all the vital organs. Take it. Get it today in usual liquid form or chocolate tablets called Sarsatabs.

it had passed the currency bill. He replied that the proper place to go with that inquiry was to the House.

## THE END NEAR.

Clear Waterway Across the Isthmus Almost in Sight.

Washington, Sept. 20.—With the opening of the Panama canal from the Miraflores locks to the Pacific ocean, communication also is being established on the Atlantic side between the great Gatun locks and the sea. This has followed the removal of the railroad trestle between the locks and the ocean. To make the opening navigable, about 187,000 yards of earth in the railroad dike must be removed, and two pipeline sumpion dredges are engaged in the work, which should be completed by October 1.

When the work is completed, there will remain only one obstruction to free communication in the whole length of the canal—the dike at Gamboa, which restrains the waters of Gatun lake from flowing into Culebra cut. A big sumpion dredge now is removing the earth, and at that has accumulated in the bed of the canal between this dike and Gamboa lake since the cut was made three years ago, and early in October another, and the last, tremendous blast will destroy the dike itself, leaving a clear waterway across the isthmus.

## GIVE AND TAKE ON THE TARIFF.

Senate Yields to House on Silk, but Wins on Aluminum Duty.

Washington, Sept. 20.—Marked progress was made in the tariff conference yesterday. Ferro manganese, which has been the subject of several days' deadlock, will go upon the free list. In this action, the House yielded to the Senate.

The silk schedule was settled. In this conclusion the Senate yielded to the House, restoring ad valorem duties which the House had provided and eliminating the specific duties put in by the Senate.

Angora goat hair, alpaca, and the mohair manufactures will carry duties.

## GERMAN CONGRESS

MEETS TO TEST DIVINING ROD

Scientists of the World, Including Men From the United States, Gather at Halle.

Halle, Germany, Sept. 20.—A congress to test the efficacy of the "divining rod" in discovering deposits of potash and coal, subterranean caves and water streams opened here yesterday under official sanction. Delegates from the United States are in attendance and the members include the president of the province of Saxony and other provincial, municipal and university officials.

The divining rod has long been the subject of serious official consideration in Germany.

## REICH KNOCKED OUT IN SECOND.

Ex-Amateur Champion Put to Sleep by Morris.

New York, Sept. 20.—Carl Morris, heavyweight, knocked out Al Reich, a recent amateur heavyweight champion, in the second round of a scheduled ten-round bout here last night.

## NATIONAL LEAGUE

## TURN DOWN GEN. HUERTA

Mexican Congress Vetoes Appointment of Tamariz

## TO BE MINISTER OF INSTRUCTION

Pres. Wilson Cool Toward Diaz as Presidential Candidate

Washington, Sept. 20.—The Mexican congress Thursday night vetoed Provisional Huerta's appointment of Eduardo Tamariz as minister of public instruction according to a report received by the state department last night.

Tamariz is one of the younger leaders of the Catholic party and avowedly in favor of the election of Gen. Huerta as president.

## NOT GOOD NEWS.

Return of Felix Diaz as Presidential Candidate Disquieting.

Washington, Sept. 20.—News that Gen. Felix Diaz, nephew of Porfirio Diaz, had been recalled to Mexico to become the candidate of the Huerta faction in the coming presidential election, aroused much interest here in official circles. The general feeling was that the return of Diaz meant a compliance with President Wilson's principal demand, that General Huerta should not be a candidate. So far as auguring an era of peace, however, the outlook was described as discouraging.

While the American government is on record with a promise to extend recognition to the government set up by a legal and free election, it is said to be practically certain that the United States would not hasten to recognize Diaz if he were elected, but would wait, in accordance with the precedents of President Hayes' administration, to determine whether the resulting government was strong enough to maintain peace and guarantee international relations.

## MADERO DEATH UNPUNISHABLE.

Not Brought About by Crime, the Judgment of Mexican Military Court.

Mexico City, Sept. 20.—The deaths of the late President Francisco I. Madero and Vice President Jose Maria Pino Suarez were not brought about by a punishable crime, according to a decision pronounced by the military court here yesterday.

The investigation lasted six months. It was started by the military commandant of the federal district immediately after the conclusion of the 10 days' battle in the streets of Mexico City, last February, which resulted in Huerta coming into power as provisional president. The result of the commandant's inquiry was forwarded to the permanent military tribunal, which continued the examination of witnesses. Among those called to give evidence by the court was Major Francisco Cardenas, who commanded the escort which conveyed President Madero and Vice President Suarez from the national palace to the penitentiary. Two subordinate officers of Rural Guards and a number of residents in the vicinity of the jail also were examined.

## OUIMET, VARDON AND RAY TIED

Boston School Boy Amateur Golfer Is to Play Off With the Professionals.

Brookline, Mass., Sept. 20.—A Boston school boy amateur golfer carved a niche for himself in international sporting history yesterday, when Francis Ouimet tied England's famous professionals, Harry Vardon and Edward Ray, in the final round of the national open championship.

As a result, he will be America's sole representative in the 18-hole, three ball, medal play-off between the trio, each of whom had a card of 304 for the 72 holes contested the past two days.

The gallery rooted for Ouimet in a manner typical of baseball and football games.

## NEW HEAD OF G. A. R.

Washington Gardner of Albion, Mich., Elected.

Chattanooga, Tenn., Sept. 20.—Washington Gardner of Albion, Mich., was elected commander-in-chief of the Grand Army yesterday afternoon. The withdrawal of other candidates made the choice unanimous.

The Grand Army tailed the Torrance resolution providing federal aid for Confederate soldiers' homes on the ground that the matter was up to Congress.

Detroit, Mich., was selected as the meeting place of the 1914 national encampment of the Grand Army of the Republic and allied organizations.

## Monsignor McQuaid Dead.

Boston, Sept. 20.—Right Rev. Monsignor William P. McQuaid, for 26 years pastor of St. James Roman Catholic church of Boston and one of the most prominent clergymen in the Boston diocese, died yesterday, aged 72.

## "DOOM'S DAY BOOK" RECORDED "SLAVES"

Young Girls' Addresses Kept for the Benefit of Los Angeles' Rich Profligates.

Los Angeles, Sept. 20.—The "Doom's day book," containing the names, addresses and telephone numbers of girls available for the entertainment of wealthy men here, is expected to be introduced by the state during the session of the trial of George H. Bixby, on the charge of contributing to the delinquency of minor girls.

The state alleges this book was the record kept by the so called white slavery ring in Los Angeles. The existence of the book was revealed on the witness stand by Cleo Helen Barker, one of the state's principal witnesses. The Barker girl, after a long wrangle between counsel, said:

"I was entered in this book as 'Toots.' The book was kept at the Jonquil, and was consulted whenever men wanted girls for entertainment. All of us girls called it the 'Doom's day book.'"

As soon as Miss Barker is excused, Irene May Brown Levy, the state's other star witness, will be called.

## WHITMAN POLICE ADVISER.

Mayor Kline Calls on the District Attorney.

New York, Sept. 17.—Mayor Arndolph L. Kline told Charles S. Whitman, district attorney, Thursday, that if he had any ideas on improving the efficiency of the police department and would submit them to him, he, the mayor, would see that they were carried out at once.

The mayor went further and told Mr. Whitman that not only in police matters, but in all other matters affecting the city, he wanted to work in harmony with the district attorney's office, but that he would especially welcome recommendations concerning the police.

The result of this conference between the mayor and Mr. Whitman is that Rhinelanders Walsh is to remain police commissioner for the remainder of the year, but will be expected to place into operation at once any order concerning administration or policy which the mayor gives. And it was an open secret around the city hall Thursday that any such orders that are given will originate with Mr. Whitman.

The only suggestion that Mr. Whitman had to make was that Mayor Kline send for Alderman Henry H. Curran, who was chairman of the aldermanic investigating committee, which recently investigated the police, and go over with him and with Emory R. Buckner, counsel to the committee, the recommendations contained in the Curran report.

Mr. Whitman told the mayor that he had read this report and thought it an excellent one, and believed many of the recommendations should be put into effect without delay.

Mayor Kline did send for Mr. Curran later in the day and had a long talk with him. When Mr. Curran emerged from the mayor's office he was in a singularly happy frame of mind. He would make no statement further than to say that he had a pleasant chat with the mayor and was anxious to do everything in his power to help him.

## BLOW TO OPIUM RING.

Important Captures Made by Federal Officials to Break Up Smuggling.

San Francisco, Sept. 20.—Federal officials engaged in running to cover the members of the so-called opium smugglers' ring have been stimulated to fresh activity by the arrest here of Thomas Murphy, alias Andrews, and Chung Kow.

These men, the officials assert, are an important connecting link between dishonest customs employes and consumers of opium that is smuggled into Pacific coast ports. George Moore, alias Poole, alias Harris, who is alleged to be a leader of the ring, is reported to be on his way to the Mexican border, with government agents in close pursuit. Treasury agents were awaiting yesterday the arrival of the Pacific Mail liner Mongolia from the Orient. It was reported that Gus Carere, one of the vessel's freight clerks, would be subjected to an examination relative to his alleged knowledge of Moore and Murphy's connection with the illicit trade.

## DUTCH SOCIALIST SENATOR.

Elected Member of Upper House in The Netherlands Parliament.

The Hague, Netherlands, Sept. 20.—The flirtation with the Socialists started by Queen Wilhelmina when, in July, she attempted to induce a number of the Socialist leaders to enter the Dutch cabinet, had a sequel yesterday in the province of Friesland, which made a new departure by electing the Socialist Polak as a member of the upper house of the Dutch Parliament. Polak is president of the diamond workers' union.

## WOMAN IS HELD FOR "POISON PEN"

Grand Jury Is to Pass on the Case of Mrs. Pollard, Accused as Author of Letters.

Elizabeth, N. J., Sept. 20.—Mrs. Nelson L. Pollard, accused of being the author of the "poison pen" letters, which have agitated certain circles here, was formally held for the Union county grand jury yesterday by Justice Mahon in the police court. Her bail, which had been furnished by her husband, was continued.

The case was heard upward of a month ago, but no decision was announced. Mrs. Pollard was under bail, and also under bail to answer to the United States grand jury sitting at Trenton in connection with one of the letters. The proceeding yesterday was simply the announcement of the decision to send the case to the grand jury and to renew the bond. The case will be laid before the October grand jury.

Mrs. Charles F. Jones accuses Mrs. Pollard of being the author of the several letters which are said to have been sent to her and to others. The charge laid in the United States court is based on a letter received by Dr. Charles H. Schlechter. The so-called poisoned pen letters cast aspersions upon the character of various persons.

## ANOTHER WOMAN IN SCHMIDT CASE

So Inspector Faurot Announced Yesterday in New York.

New York, Sept. 20.—Detectives busy on the case of Hans Schmidt, the priest who murdered Anna Amuller, sought yesterday to learn why, last April, he photographed the death certificate of Robert Smith, one of his parishioners. Photographs of this certificate and of blank forms issued by the board of health were found in Schmidt's trunk, leading the police to believe that the priest either was making preparations then to dispose of the Amuller girl or planned other murders. Inspector Faurot announced yesterday that he was looking for another woman in the case.

The only other woman whose name has thus far been associated with Schmidt's is known as Helen Green. The finding of the photograph blanks caused the detectives to continue study into the past of Robert Muret, the self-styled dentist implicated with Schmidt in counterfeiting. From London came reports that Muret had been a fugitive from justice since April 29, 1911, when he evaded a summons to answer charges of having falsely represented himself as Dr. Ernst Stein, a medical practitioner.

## ULSTER GETS COMMANDER.

Post Taken by Retired Lieutenant General Sir George Richardson.

Belfast, Sept. 20.—Captain James Craig, Unionist member of parliament for the east division of Down, announced at a public meeting here the acceptance by Lieutenant General Sir George Richardson of the post of "General Officer Commanding the Volunteers." Sir Edward Carson, leader of the Irish Unionist, who is continuing his inspection trip through West Down, expressed the hope in addressing the volunteers that the next time he saw them "every man will have a rifle on his shoulder." He advised them to leave no stone unturned to resist the invaders. Frederick Smith, another of the Ulster leaders, urged them to make their ideal such that when the time came for Sir Edward Carson to negotiate with the government he might do so with the knowledge that behind him were 100,000 disciplined volunteers.

General Richardson, who is now retired, served in the British army with distinction for many years, and now holds the honorary post of Colonel of the Prince of Wales' Own Tiwana Lancers. General Richardson is sixty-six years of age. At nineteen he entered the army as a junior officer, and had reached his majority when a little over thirty, as a result of his service in the Afghan war, for which he was also decorated. In Egypt he continued to fulfill the early promise he gave, and was severely wounded at Tel-el-Kebir. Subsequently he received the medal with clasp and the khedive's star.

Later he was sent to India, where he commanded the Eighteenth Bengal Lancers, receiving his full rank as colonel in 1896. At the time of the Boxer rebellion he was dispatched to China, where, as brigadier general, he commanded the cavalry in the march on Peking. For his gallantry on this duty General Richardson was commended in dispatches.

Among the honors held by the general are those of Companion Order Indian Empire, 1893; Companion Order Star India, 1900; Companion of the Bath, 1898; Knight Commander of the Bath, 1909; and member of Indian staff corps.

## CRASHED INTO POLE.

And Occupants of Automobile Received Injuries.

Nashua, N. H., Sept. 20.—Seven persons were injured, one probably fatally, here yesterday when an automobile driven by David B. Arnold, crashed into a telegraph pole at the corner of Concord and Stark streets.

The heavy car, filled with school children being driven to their homes in the north side of the city, was turning from Concord into Stark street when Arnold apparently lost control and it dashed across the sidewalk, narrowly missing two women on the sidewalk and striking the pole. Arnold was thrown against the pole, receiving a fractured skull and numerous internal injuries. He is not expected to recover. His two children, May, aged 9, and Beatrice, aged 14, were taken to the hospital. The other children in the party were cut by flying glass, although none were seriously injured.

## GREEK KING TO PLACATE FRANCE.

Pays Quiet Visit to Paris to Explain Away His Praise of Germans.

Eastbourne, England, Sept. 20.—King Constantine of Greece, who with Queen Sophia has been here unofficially for several days, left yesterday for Paris, in cognito, to try to straighten out the trouble caused in France by his Berlin speech. The king and queen are scheduled for an unofficial visit to France next week.

The king who will return to Eastbourne in a few days, hopes to straighten out the misunderstanding so as to insure no unpleasantness when he and Queen Sophia pay their visit to the French capital.

## IN THE FIELD OF SPORTS

The fight for the International league title is still on. Newark has three games to play and is in the lead by a game and a half over the Rochester team. Rochester has four games to play. If the Newark club can take two out of three they will win the pennant even if Rochester captures the four straight.

Big Ed Walsh, the White Sox iron man, is back in the game, after a few months' layoff. Walsh thinks that he feels as good as ever and hopes to continue the good work that has won him fame for himself in the baseball world. Should he not come up to his expectations as a pitcher he will probably revert his ability in the outfield, as he is an exceptionally good batter.

Clark Griffith, the Washington catcher, has a chance to go with the tourists, but he will probably refuse in view of Griffith's attitude on the question.

Larry Gilbert, the youngster taken from Milwaukee club on the draft road, is said to be one of the most promising players ever taken from the American association. He goes to the Boston Braves. He is considered in Milwaukee even better than Larry Chappell, who went to Chicago a few months ago. Gilbert has been playing professional ball but three years. In Milwaukee he was a member of the outfield trio, composed of Chappell, Gilbert and Randall, said to be the best ever assembled in that league. He will go South with the Boston Braves next spring.

Fred Perrine, the former American league umpire, has been committed to the Napa asylum for the insane, at Oakland, Cal.

The second game of the Lowell
